Technical spec for supplying print ready adverts:

Artwork formats accepted: Colour Format: CMYK

File Format: PSD, AI, PDF, JPEG, TIFF, EPS

File Resolution: 300dpi - the larger and clearer your file is, the better the end result.

Ensure your design is set up to the correct size and proportions - make sure you set it up to the artwork size, as this includes bleed which gets cut down to the finished size when printed.

Please supply a logo for the online directory and digital ad.
